

VOTER IS INACTIVE OR HAS “VERIFY THEIR ADDRESS” BY THEIR NAME

Change of Address Procedures for August 6, 2020

GREEN ZONE: a location inside your county – T.C.A. § 2-7-140

The green zone applies in all elections. If the voter is in the Voter Database and they have moved **inside your county**, they can vote. The registrar will change the address of the voter and the voter will sign the change of address. As long as they are registered and have moved inside your county, when they moved is irrelevant.

YELLOW ZONE: another county inside Tennessee – T.C.A. § 2-7-115

If the voter is in the database and moved to **another county inside Tennessee**, you must check the timeframe for the 90 / 91 Day Rule.

If they moved within 90 days or less, they will vote a regular ballot for their old address. The last day a voter could have moved and still vote a regular ballot using their old address is **May 8, 2020**.

If it is 91 days or longer, they must vote using the provisional ballot process and the ballot will not count.

If the voter is not in the Voter Database but appears to vote in their new county and the voter has moved less than 90 days into that new county, offer a provisional ballot but instruct the voter if the voter has not registered in your county they may go back to the old precinct location to vote in their old county.

RED ZONE: a location outside the state of Tennessee

A voter who has moved outside of the state of Tennessee must vote a provisional ballot for the August 6, 2020 election.
